HOME SCHOOL AGREEMENT 2026-27

School Vision

As a school community, we want to shine through being people of **love, inspiration** and **courage**. We do this as we hold onto Jesus' life and teaching, where we see perfect love and courage. You can find more detail relating to this in the table below and on our website. To achieve this, we as a staff have made the following commitment that underpins our interactions with each other, the children and families.

Each child is helped to:

- Develop a lively and enquiring mind, to grow in imagination and sensitivity by encouraging understanding, awareness and curiosity about the world;
- Acquire knowledge, skills, confidence and self esteem;
- To develop and adopt personal and moral values, ensuring that everyone equally enjoys respect and consideration.

This is done by:

- Equipping each child with the necessary skills in all areas of the curriculum with a strong emphasis on listening, reading, writing, communication and mathematics;
- Encouraging parents to take a full and active part in their child's education;
- Developing good working relationships between parents, staff and governors.

This means we will strive to

- Enable children to become confident, resourceful, enquiring and independent learners
- Foster children's self-esteem and help them build positive relationships with other people
- Develop children's self-respect and encourage children to respect the ideas, attitudes, values and feelings of others
- Show respect for all cultures and, in so doing, to promote positive attitudes towards other people;
- Enable children to understand their community and help them feel valued as part of this community;
- Help children grow into reliable, independent and positive citizens.
